I just got the wedding invitation there's gonna be a
celebration
Like you've never seen just fit for a queen
She's got her mom and daddy's blessing she's got a
long white wedding dress
And his wedding ring oh what can I bring what do you
give the girl who has everything
She's got the man who used to hold me
She's got the man who told me I was his everything
She's got the man who used to love me who placed no
one above me
How he made my heart sing oh what can I bring
What do you give the girl who has everything
[fiddle]
She'll hear his promise of forever she'll hear him say
what I could never
Get him to say oh he'll say it today
She'll hold his hands and throw the flowers drink
champagne till the morning hours
The queen has her king and the world on a string
So what could you give the girl who has everything
She's got the man...
What do you give the girl who has everything
