Now you ask me if I will go with you

Well I'd like to but I don't know if it's right

Are you looking for someone to care for you

Or just someone to love you tonight

Well I don't want to be a one night stand

So if that's what you got planned

Baby before we go you better let me know

I don't want to be a one night stand

It been so long since I've had some loving

And your kisses make me wish that you were mine

Now it'd be so easy for me to fall for you

And let myself have a good time

Well I don't want to be a one night stand

So if that's what you got planned

Baby before we go you better let me know

I don't want to be a one night stand

Well I don't want to be a one night stand

So if that's what you got planned

Baby before we go you better let me know

I don't want to be a one night stand

Well I don't want to be a one night stand

So if that's what you got planned

Baby before we go you better let me know

I don't want to be a one night stand
