When I heard that familiar voice  
My heart stopped dead in it's tracks  
Across the room I could see him there  
A ghost from my past

But he's too caught up to notice me  
She must be his new love  
I never dreamed that it would hurt this much  
It's just

I know how he feels  
How warm his touch is  
Oh how he feels  
How soft his kiss is  
And it cuts right down to the bone  
'Cause I let him go  
I know how he cares  
How strong his love can be  
When he believes it's real  
Oh I've been there  
And I know how he feels

As long as I kept him outta sight

I kept from going out of my mind  
Tried to believe that leavin' him  
Was somehow justified  
But tonight there's no denying  
What a love like his is worth  
He once looked at me  
The way he's looking at her  
What a lucky girl

I know how he feels  
How warm his touch is  
Oh how he feels  
How soft his kiss is  
And it cuts right down to the bone  
'Cause I let him go  
I know how he cares  
How strong his love can be  
When he believes it's real

Oh I've been there  
And I know how he feels
