Oh, I know it's hard for you to say it's over
Well, it's twice as hard for me to let you go
Out there I hope you find a softer shoulder
But before you leave there's something you should
know

I was glad to give my everything to you
Yeah, we almost made our every dream come true
And though we didn't have the chance to see it through
I was glad to give my everything to you

Oh, you say you need a little room for breathing
Somehow I guess you know I'd understand
And though you're hurting me
I still can't help in believing

I'd be glad if I could do it all again
I was glad to give my everything to you
Yeah we almost made our every dream come true
And though we didn't have the chance to see it through

I was glad to give my everything to you
Oh, I was glad to give my everything to you
