Well there's a half moon starlit sky  
All the conditions are just right  
Our song's playing on the radio  
Every beat of my heart is saying just let go

'Cause when you're holding me this way  
It's all I can do to just think straight  
A little voice in my head is saying not so fast  
If you really want this love to last

I'm gonna catch my breath, I'm gonna count to ten  
I'm gonna leave you wonderin' you see me again  
I'm gonna say goodnight with one passionate kiss  
And leave you with the strongest feeling there is  
I'll give you something to miss

I'm not doin' something I'll regret  
I'm playing it just hard enough to get  
I'm gonna give you a little space  
And let you enjoy the thrill of the chase

I'm gonna catch my breath, I'm gonna count to ten  
I'm gonna leave you wonderin' you see me again  
I'm gonna say goodnight with one passionate kiss  
And leave you with the strongest feeling there is  
I'll give you something to miss

Oh I'm gonna catch my breath, I'm gonna count to ten  
I'm gonna leave you wonderin' you see me again  
I'm gonna say goodnight with one passionate kiss  
And leave you with the strongest feeling there is  
I'll give you something to miss

I'm gonna catch my breath, I'm gonna count to ten  
I'm gonna leave you wonderin' you see me again  
I'm gonna say goodnight with one passionate kiss  
And leave you with the strongest feeling there is  
I'll give you something, I'll give you something  
I'll give you something to miss

Oh I'll give you something to miss  
I'll give you something to miss

I'll give you something to miss  
I'll give you something to miss

I'll give you something to miss  
Something to miss  
I'll give you something to miss
