Hey girl, it's me  
I just called to tell you hi  
Call me when you get this  
Haven't talked lately  
So hard to find the time  
Give the boys a big kiss  
Tell them that I miss them  
By the way I miss you too

I was thinking just today  
'Bout how we used to play  
Barbie dolls and make up  
Tea parties, dress up  
I remember how we'd fight  
And make up and laugh all night  
Wish we were kids again  
My sister...  
My friend

Oh yeah, before I  
Forget, I met someone  
I think I really like him  
I was just wonderin'  
If I'm jumping' the gun  
By going out on a limb  
And invite him home for Christmas

To meet the family

Seems like just yesterday  
You brought home old what's-his-name  
He had been drinkin'  
What were you thinkin'  
After dinner he passed out  
We can laugh about it now  
We've learned a lot since then  
My sister...  
My friend

Do you think you could come and  
See me sometime soon?  
We could just hang out like

We used to

It's late and I should go  
But I can't hang up the phone  
Until I tell you  
What I don't tell you enough  
Even though at times it seemed  
We were more like enemies  
I'd do it all again...  
My sister...  
My friend
