I always knew this day would come  
The world is just too small to keep  
Our paths from crossing  
Here we are, just look at us  
I'd always wondered what I'd say  
Would I tell you?  
"Life is great n gettin' better all the time"  
Were you lookin'?  
Would I be too proud to show my heart  
Well to tell the truth, it's not that hard

I'm still not over you  
It's still the only thing I wanna do  
Is open up my arms n reach for you  
And to hear you say 'you want me too'  
You're the one for me  
And time doesn't seem to disagree  
Baby I'm still not over you, gettin' over me  
I guess, I'll never be  
Over you

So there it is, I said it now

Caught up with some way  
Some how you look at me  
With those big blue eyes  
And say 'you miss me too'

But you've moved on,  
I understand  
Yeah I tried that too,  
But here I am

I'm still not over you  
It's still the one thing I wanna do  
Is open up my arms n reach for you  
And to hear you say 'you want me too'  
You're the one for me  
And time doesn't seem to disagree  
Baby I'm still not over you, gettin' over me  
I guess, I'll never be

Strong enough to finally set you free  
I know love will never let me be  
Over you

I'm still not over you
