Some folks say that a mother's love  
Is sweeter than the rest  
When her baby's nestled in her arms  
And feeding at her breast

But I can't explain the feeling  
When you reach and touch my hand  
'Cause there's nothing like the love  
Between a woman and a man

'Cause it's a miracle from heaven  
And it fills me through and through  
Like a feeling that surrounds us  
Touching me and touching you

When you wrap your love around me  
It's not hard to understand  
Why there's nothing like the love  
Between a woman and a man

Well the father's love is quiet  
But it's there for all to see  
When a little boy is laughing  
Bouncing on his daddy's knee

Then those great big hands reach down  
To tuck his little cowboy in  
But there's nothing like the love  
Between a woman and a man

'Cause it's a miracle from heaven  
And it fills me through and through  
Like a feeling that surrounds us  
Touching me and touching you

When you wrap your love around me  
It's not hard to understand  
Why there's nothing like the love  
Between a woman and a man

It's a miracle from heaven

And it fills me through and through  
Like a feeling that surrounds us  
Touching me and touching you

When you wrap your love around me  
It's not hard to understand  
Why there's nothing like the love  
Between and woman and a man

It's a miracle from heaven  
And it fills me through and through  
Like a feeling that surrounds us  
Touching me and touching you

When you wrap your love around me  
It's not hard to understand  
Why there's nothing like the love  
Between and woman and a man

It's a miracle from heaven  
And it fills me through and through  
Like a feeling that surrounds us  
Touching me and touching you

When you wrap your love around me  
It's not hard to understand  
Why there's nothing like the love  
Between and woman and a man
