Don't tell me that time will ease the pain  
Don't tell me the sunshines  
After the rain

Don't sit there and tell me  
I'll love again someday  
Whose heartache is this anyway?

Don't say that all things happen for the best  
And don't talk of silver linings  
And don't tell me, I'll forget

Don't say, don't you worry  
'Cause everything will be okay  
Whose heartache is this anyway?

'Cause I'm not in the mood for sympathy  
Oh, at least not from the one who's leavin' me  
So don't try to make it easy  
And don't search for words to say  
Whose heartache is this anyway?

Well, you say that you'll always care for me  
That I'll always be special  
Well that's not what I need

So why don't you just go now?  
You've done enough today  
And whose heartache is this anyway?

'Cause I'm not in the mood for sympathy  
Oh, at least not from the one who's leavin' me  
So don't try to make it easy  
And don't search for words to say  
Whose heartache is this anyway?

Why don't you just go now  
You've done enough today  
And whose heartache is this anyway?
