[Intro]

Every space man knows you just gotta have Space Ho's
Every space girls know it
You get a big delight, in every bite
Delicious, cream-filled, Space Ho's, taste out of this
world
With luscious creamy inside, soft cake outside
You get a big delight, in every bite
Yup, smart space men always have plenty of good Ho's
Wherever they go, Ho's!

[MF Doom]

How they gave his own show to Tad Ghostal
Any given second he could go mad postal
Stay wavin that power band space cannon
And have the nerve to jump in the face, of Race Bannon
And punked out
