A deep breath of autumns atmosphere
Exhale looks and whispers: your lips, these lies, my ears
I still remember your eyes watching and empty body
conditional soundtrack
Cold hearted emotionless hitman, is this all you really
wanted?

Do you wanna dance a sweet disaster? We'll slow it
down so hearts beat faster
If nothing lasts forever we'll go on and on and on
Tease me, tell me not to make a sound
If this won't last forever then this won't last forever so
kill me now

Here's the part where you spill your guts for me, and
hold nothing back because you'll only make it worse
I know, you're found out, so did check it out
Give it to me, give it to me before I tell you to give it a
rest
Don't get your panties in a twist you've gotta look your
best

Do you wanna dance a sweet disaster? We'll slow it
down so hearts beat faster
If nothing lasts forever we'll go on and on and on
Tease me, tell me not to make a sound
If this won't last forever then this won't last forever so
kill me now

Kill me now
Hey
Kill me now
Whoa
Kill me now

Do you wanna dance a sweet disaster? We'll slow it
down so hearts beat faster
If nothing lasts forever we'll go on and on and on

Do you wanna dance a sweet disaster? We'll slow it

down so hearts beat faster
If nothing lasts forever we'll go

Do you wanna dance a sweet disaster? We'll slow it
down so hearts beat faster
If nothing lasts forever we'll go on and on and on
Tease me, tell me not to make a sound
Tease me, tell me not to make a sound
Tease me, tell me not to make a sound
If this won't last forever then this won't last forever so
kill me now
