We felt this coming on
We've seen it for a while
But there are no regrets between us
We can leave here with a smile

We have to talk about it
What we've always known
The hardest part about today
Is tonight we'll be alone, alone

We were just two hearts
Bound for different roads
Oh, why they didn't lead us to forever
We may never know

Oh, I will carry you with me
I will hold on to our memories
Don't let the dreams we didn't find
Make you feel like giving up
Keep holding on
And don't lose your faith in love

Life's gonna move on
And the pages have to turn
We'll be stronger people now
From the lessons that we learn

This one's gonna hurt
It's a little deeper break
But just know I'm praying for you
As I watch you walk away

We were just two hearts
Bound for different roads
Why they didn't lead us to forever
We may never know

Oh, I will carry you with me
I will hold on to our memories
Don't let the dreams we didn't find
Make you feel like giving up
Keep holding on

And don't lose your faith in love

It can hold you, it can save you
From anything or anyone
And heaven knows who's waiting for you
When two hearts come undone

Oh, I will carry you with me
I will hold on to our memories
Don't let the dreams we didn't find
Make you feel like giving up

Keep holding on
And don't lose your faith
Oh, never ever lose your faith in love
Don't ever lose your faith
