Outer space
Passing Jupiter and Mars
We're sailing
Among planets and stars
What a pace
Faster than the speed of light
We're heroes
Nothing stops us tonight
Too good to be true
We're in space me and you

Onto a rocket ride
We're racing across the sky
Like imagination
An acceleration
Through the universe outside

Onto a rocket ride
We're cruising the space tonight
On board on a space ship
We're making a space trip
Of our life's
Onto a rocket ride

Come with us
We're the pilots of your dreams
You will feel like the king or a queen, alright
Too good to be true
We're in space me and you

Onto a rocket ride
We're racing across the sky
Like imagination
An acceleration
Through the universe outside

Onto a rocket ride
We're cruising the space tonight
On board on a space ship
We're making a space trip
Of our life's
Onto a rocket ride

Onto a rocket ride
We're racing across the sky
Like imagination
An acceleration
Through the universe outside

Onto a rocket ride
We're cruising the space tonight
On board on a space ship
We're making a space trip
Of our life's
Onto a rocket ride
