Molly says forget about him, and all the things that he
was

or rather, you thought he was

Molly says remember a time before the heartache
began,

before the fight and the fuss

In those days your eyes were sparkling,

life was fully led

in those days you still were smiling,

remember, Molly said...

Molly says admit you were wrong, you know I said all
along

that he was treating you bad

Molly says it's so plain to see, you never listen to me

and now you've lost what you had

But I'm still here, I never left you,

no need to be sore

You will realize I've helped you,

that's what friends are for

Molly says good riddance to him, it doesn't make any
sense

to sit and wait by the phone

Molly says, since I am your friend, I gotta tell you there
ain't

no use in sitting alone

Well, I guess, she just wants the best for me,

she doesn't want to see me cry,

I suppose it has nothing to do with the fact that she

loved him as much as

I... Molly says...

In those days when we were happy, love was just a
game

In those days we all agreed that men are all the same

Molly says get on with your life, get up and dry all your
tears

don't let him rule how you feel

Molly says it's time for a change, there ain't a scar in
the world

that time won't finally heal

Molly says forget about him and all the thing that he

was
or rather, you thought he was
Molly says remember a time before the heartache
began,
before the fight and the fuss
Molly says good riddance
Molly says good riddance
Molly says good riddance
