Tears on my face, cold winter wind gives me the chase
I take the keys and I walk towards the door
You look away, you're so distant, there's nothing to say
Send those sweet memories to fade
I'm breaking my cage, let me out - hey yeah yeah

Heavy weather is all we had together
Now I'm leaving, let me make my way
Heavy weather, I've never felt better
Going for it solo, you'll never bring me down

Nothing to me, like an alien, there's nothing to see
I'll never let you be part of me again (Me again)
Look at my face, all your pictures I'm gonna erase
And as the time passes by
I'll hold my head high, I'll survive - hey yeah yeah

Heavy weather is all we had together
Now I'm leaving, let me make my way
Heavy weather, I've never felt better
Going for it solo, you'll never bring me down

Heavy weather is all we had together
No more time to waste my tears on you
Heavy weather, nothing lasts forever
Now my dreams are over, it's time to start anew
It's time to start anew

All I'm living for is a new day now (New day now)
Stronger than before, I'm not coming back for more

Heavy weather is all we had together
Now I'm leaving, let me make my way
Heavy weather, I've never felt better
Going for it solo, you'll never bring me down

Heavy weather is all we had together
No more time to waste my tears to you
Heavy weather, nothing lasts forever
Now my dreams are over, it's time to start anew
