[1]

Darkness settles down  
On your spirit bound  
By the fears eroding your mind  
As the dead arise  
They fix your eyes  
And your secrecies they find

[2]

You have got to know  
You would sell your soul  
Though evil tongues may beguile  
To the sisters you run  
They knew you would come  
And they greet you with a luring smile

[3]

There is no need to ask  
For they know their task  
As they sing in a language of old  
A black cat screams  
They weave your dreams  
An apparition does unfold

[4]

A bloody child  
Clad in fires wild  
Demons answer me  
Beware of Macduff  
Act bloody and rough  
And an end to it there will be

[Ref.:]

Watch out, beware  
There are boundries you shouldn't dare  
Better beware my human friend  
Where the evil lurks your life will end

[5]

They are touching your soul  
With their fingers so cold  
Sanity's left behind  
More answers you need to find

[6]

Strange prophecies

Giving hope to thee  
Promising life not death

Fear no one  
For none of woman born  
Shall ever harm Macbeth
