I find you standing there  
Telling me you're sorry  
A lonely tear rolling down your face

You hold me, then time stops  
I struggle to kiss you  
And you just take my breath away

Just hold on for a second my love  
Just to tell me this whole thing is wrong

Would you please just keep it down low?  
Spare me 5 minutes  
I wanna feel your sweet and soft touch  
All over me  
I want this kiss to last forever  
We're both off limits  
As we wrap it up we both know  
That the end is just right here

Right here, oh

I'm feeling too scared now  
Just trying to understand  
Why this love couldn't be crystal clear

Your lips feel so freezing  
Demanding sweet kissing  
Is it the air 'cause I just can't breathe?

Just hold on for a second my love (For a second)  
Just to tell me this whole thing is wrong

Would you please just keep it down low?  
Spare me 5 minutes  
I wanna feel your sweet and soft touch  
All over me  
I want this kiss to forever  
We're both off limits  
As we wrap it up we both know  
At the end it's just right here

Please hold my hand, love  
My breath won't come back again  
Say that you love me that you're not the one to blame  
At least for just one second  
I believe your words are true love

Would you please just keep it down low?  
I wanna feel your sweet and soft touch  
Want this kiss to last forever  
As we wrap it up we both know  
At the end it's just right here

Would you please just keep it down low?  
Spare me 5 minutes  
I wanna feel your sweet and soft touch  
All over me  
I want this kiss to last forever  
We're both off minutes (We're both off limits)  
As we rap it up with love  
At the end it's just right here
