You know how you drive me crazy
You know how I need you, baby
I'm addicted to you and you're feeling me too
Maybe, maybe, maybe

You know how you kiss me, baby
How you make me feel so hazy
I'm spinning around 'cause you're telling me now
Maybe, maybe, maybe

My religion is the voice of your heart
Always looking for a minimum sign
My religion is the voice of your heart
I really need ya, don't let me down

[Chorus: 2x]
Give me just a little chance
Give me just a little time
I've been waiting so long
All I need is your love
Give me just a little something

You are my philosophy
My believes my everything
You are my philosophy
And I'm gonna get you
You know what I mean

You know how you drive me crazy
You know how I need you, baby
I'm addicted to you and you're feeling me too
Maybe, maybe, maybe

You know how you tease me, baby
How you make me feel so hazy
I'm spinning around 'cause you're telling me now
Maybe, maybe, maybe

My religion is the voice of your heart
Always looking for a minimum sign
My religion is the voice of your heart
I really need ya, don't let me down

[Chorus: 2x]
Give me just a little chance
Give me just a little time
I've been waiting so long
All I need is your love
Give me just a little something

You are my philosophy
My believes my everything
You are my philosophy
And I'm gonna get you
You know what I mean

[Chorus: 2x]
Give me just a little chance
Give me just a little time
I've been waiting so long
All I need is your love
Give me just a little something

You are my philosophy
My believes my everything
You are my philosophy
And I'm gonna get you
You know what I mean
