Fly fly Hugin and Munin  
Thoughts and memories you have seen  
Ravens sit on my shoulders  
I must know what has been

Gunghir made of Yggdrasil's own wood  
Show the world who I am  
Odin the father of gods  
Berserks die screaming my name

Father of all the Gods  
Odin I am  
Slayer of giants of ice  
Odin I am

Reaper of battlefields  
Odin I am  
Master of runes and war  
Odin I am

I sit in my halla on Hlidskialf  
I can see the future and the end  
Ragnar?k death of the Gods  
Where I'll make my final stand

I strove to find future and knowledge  
When I drank from wisdom's spring  
One eye I gave to Mimir the guardian  
Sadness I'd the song left to sing
