[Intro:]

Yeah... 100 hundred

You won't find me (you won't find me)
You won't get me (you won't get me)
You won't catch me (you won't catch me)
You won't (you won't...)

[Verse 1:]

Knock knock time to dip
Pack your bags and split
You don't wanna know who's by the door
Leave the stacks you won't regret it
Cause they say life is cheap even for people who afford
Louis, Fendi, Juicy Couture
You can't offend me you pussy dior whores
Forget me, there's more fish in the sea
I'm overboard, oh my lord, lord
I got the surname of a King I'm
So determined to rule everything Y (why)
O-U-N-G Money, I think I'll sing
Until the day I swing by
Bye bye, end of words
Dropped out of law school, lesson learned
Stay cool or get burned I forever said it
They had no standards so I'm forever setting

[Hook:]

They wanna know what I mean with my rhymes
They think I'm gonna tell em, I'll never let it happen
You won't find me (dead or alive)
You won't catch me (dead or alive)

They wanna take what I'm holding inside
They think I'm gonna let em, I'll never let it happen
You won't find me (dead or alive)
You won't catch me (dead or alive)

[Verse 2:]

Every man's mistake will haunt him forever
So fast the past I cast away, cause you get

Paid today, and taxed tomorrow
So the cash in fact I'm a stash away
I lost one, learned a lesson meaning I lost none
That's the creed I believe in
But they just wanna pass judgement
Cause the kid did it big and turned nothing to
something with a
Happy-go-lucky-I-don't-give-a-fuck flow
Black leather gloves stacking paper-cut dough
Dedicated haters standing in the front row
Who paid to see the show, praying it'll blow
But what they can't see, and what they don't know
His spark ain't in the lights it's deeper than that
Deep down in his soul, it's deeper than rap
So even in the dark you'll notice him glow

[Hook:]

They wanna know what I mean with my rhymes
They think I'm gonna tell em, I'll never let it happen
You won't find me (dead or alive)
You won't catch me (dead or alive)

They wanna take what I'm holding inside
They think I'm gonna let em, I'll never let it happen
You won't find me (dead or alive)
You won't catch me (dead or alive)
