[Intro]

You know what it is, from T-Dot to the world

My man Repstar (Repstar!), T-Williams (Yeah!), Boi-1da

[Drake]

Look,

I know you miss me, go on admit it girl

Cause everything he doing for you, I done did it girl

So call me up late, I know you with it girl

I get a rush from it, knowing you committed girl

Beach front properties, panoramic views

You could probably catch him in Atlanta with his crew

Plus his whole vibe like candles and a pool

Cause he's hot, but you notice how he handles it is cool

The name is Drake dawg, I came here solo

The smell is Dolce, the draws is Polo

The DJs Future, the clothes is Ransom

The cut's from J-Mac, ya boy is handsome

Pay me now, nigga cash advance him

Y'all don't wanna see me throw no tantrum

We blowing up this year, it's called expansion

Now everybody get to dancing to this, ah.....

[Chorus]

I'm trying to make sure that you feel right

Cause you already know what it be like

Well dressed for the evening

Party hard like we ain't leaving

Now let's have a toast to the good life (Uh, huh)

Go ahead and keep drinks coming all night

Shoutout to the DJ, now please let me know if you love...

The way this make you feel, say oohhh

If you love... the way

This make you feel, say oohhh

Toast to the good life....

[Rebstar]

My lawyer J-Money, but it's not important

She seen the videos, but she don't know my story

Army greens sneaks, homie G.I. Joe
On another time zone, we party 'till the morning
My man looking up to me, he 'bout to sneeze
And she treating me like I be New Year's Eve
Counting down the seconds untill she sees me (5, 4, 3,
2)
One time for the women that wound up with Megan Fox
Two times for the ladies that never use Photoshop

Them other girls, they so vanilla
You gotta suit of J'ene ce Quias
They need to get their French up to part
And, uh, pardon me for asking
Anything I want, I must have it
I make it happen, poof, magic

[Chorus]
I'm trying to make sure that you feel right
Cause you already know what it be like
Well dressed for the evening
Party hard like we ain't leaving
Now let's have a toast to the good life
Go ahead and keep drinks coming all night
Shoutout to the DJ, now please let me know if you love...
The way this make you feel, say oohhh
If you love... the way
This make you feel, say oohhh (Rock City!)
Toast to the good life....

[Rock City]
To bring life, the infatuation
I'm more than a figment of your imagination
When I talk, it's no exaggeration
You won't find another dude quite like me
(Uh, uh) Me and my everything crew
Everything's big, everything's new
Drinks on me, so what you wanna do?
Chill right here and head bop to the groove
Yeah, mine is VI for life
So if you want, we can fly to the VI tonight
Saint Thomas and Saint Royce, Saint John is nice
So girl, just let me know which one you like
(Uh) My plan's not to live it up this year
That's why I shine from my neck to my wristwear
We off, up in the party like we live here
Lights on, everybody's gone, but we still here, yeah

[Chorus]
I'm trying to make sure that you feel right
Cause you already know what it be like
Well dressed for the evening

Party hard like we ain't leaving
Now let's have a toast to the good life
Go ahead and keep drinks coming all night
Shoutout to the DJ, now please let me know if you love...
The way this make you feel, say oohhh
If you love... the way
This make you feel, say oohhh
Toast to the good life....
