As soon as I enter the crib, I'm sensin' a bad vibe
No welcome home kisses, even though it's been a while
And you tryna' play it off but I can see clear through the mirror
I'm lookin' straight at your face boo and it's missin' a smile
'Cause your girlfriends say they spotted me,
exchanging some kisses with some bitches
Up in my business while exchanging some digits
(But you know) That these chicks are vindictive, they trippin' any chance they get
(And I know) Everything we've been building breaks if it gets through your head
(We go) From trust to issues to what I do after shows
I always got an excuse to not come home
And you always got an excuse to look through my phone and hate on every person that I meet on the road
She says things are not the same in so many ways
I've been rollin' with some snakes since my trendy days
And she never let it phase but that's what she says
That they offend me with envy, right through the Fendi shades

Chorus (Trey Songz)

Can't let a good thing go down the drain
Hey girl, it's ups and downs but we got to maintain
I know it get hard out there (Hard out there)
I know it get rough out there (Ooh)
But you can't leave, I can't do this without you
Hey you can't go, I can't do this without you
There's one thing you must know, I can't do this without you
'Cause baby I need you by my side, I can't do this without you

Verse 2 (Rebstar)

You suddenly threatenin' to leave, packin' your LV's
And handin' me your jewelry, tellin' me to sell these
'Cause it's like the fifteenth time I'm beggin' on my knees
We fallin' in and out of love like Alicia Keys

But I, thought you grasped the difference between real
and fake
Granted I, understand the fact that I'm not in your Marc
Jacobs eye
I know the lies and rumours are factors behind break-
ups
Don't let them tears run down your cheeks and ruin'
your make-up
On the real (For real? For real)
I just want to sit and chill with ya'
Listen to build with ya', gettin' to know what's the deal
with ya'
But you miss the picture baby 'cause you're tellin' me
you're hurt
(Word) I hurt you so you hurt me back so I can feel with
ya'
Things are not the same in many ways
You go on and on and on 'cause nothing's the same
I ride along, along, along there's nothin' to gain
But I'd throw away the fame, anytime, anyday

Chorus (Trey Songz)

Can't let a good thing go down the drain
Hey girl, it's ups and downs but we got to maintain
I know it get hard out there (Hard out there)
I know it get rough out there (Ooh)
But you can't leave, I can't do this without you
Hey you can't go, I can't do this without you
There's one thing you must know, I can't do this without
you
'Cause baby I need you by my side, I can't do this
without you

Bridge (Trey Songz)

We've been through too much to let it all just slip away
(Slip away)
Remember how I used to be a shelter in the rain (In the
rain)
And I know that I've been wrong, just let me make it
right
Baby won't you come back home, if only for tonight
I will (I will) cherish every moment you're here (You're
here)
Still

Chorus (Trey Songz)

Can't let a good thing go down the drain
Hey girl, it's ups and downs but we got to maintain
I know it get hard out there (Hard out there)
I know it get rough out there (Ooh)
But you can't leave, I can't do this without you

Hey you can't go, I can't do this without you
There's one thing you must know, I can't do this without
you
'Cause baby I need you by my side, I can't do this
without you
