My first love was a wicked twisted road
I hit the million mile mark at seventeen years old
I never saw the rainbow, much less a pot of gold
Yeah, my first love was a wicked twisted road

My first love was a castle in the sky
I never thought I'd make it till I had the guts to try
Then I sat up in my tower while the whole world passed
me by
Yeah, my first love was a castle in the sky

My first love was a fearless driving rain
Scared to death I thought I'd never see her face again
They say God was crying so I guess he felt my pain
My first love was a fearless driving rain

My first love was a wild sinful night
I ran out with the big dogs
Guess I had more bark than bite
I know I won the battle but in the end I lost the fight
Yeah, my first love was a wild sinful night

My first love was an angry painful song
I wanted one so bad I went and did everything wrong
A lesson in reality would come before too long
Yeah, my first love was an angry painful song

My first love was a wicked twisted road
I hit the million mile mark at seventeen years old
I never saw the rainbow, much less a pot of gold
Yeah, my first love was a wicked twisted road

My first love was a wicked twisted road
