### "I Do Not Belong"

I am,  
The infection,  
I am,  
The viral plague,  
Contamination is spreading to your heart,  
There are no drugs,  
There is no cure

I do not belong,  
I do not belong,  
I can't breathe,  
I can't love,  
I can't live in this world,  
I do, not belong.

Are you?  
The intercept  
Or are you?  
The conclusion?  
My heart pounds,  
I'm on the ground,  
Why can't I see the cause,  
Of what's happening to me?

I do not belong,  
I do not belong,  
I can't breathe,  
I can't love,  
I can't live in this world  
I do not belong.
