"Bad Timing"

Visit "[Bad Timing](#)" on MotoLyrics.com

If it's bad timing it's alright.
If it's bad timing it's just fine.
ALRIGHT!

You want an answer i can't give.
You want to be selfish
Want to be saved.
ALRIGHT!

Standing only on different ground.
Standing, standing still.
You need to get your timing right.
Standing only on different ground.
You need to get your timing right.
Standing still.

If it's bad timing it's alright.
If it's bad timing it's alright.

You want an answer i can't give.
You want to start over.
Want to be changed.
ALRIGHT!

Standing only on different ground.
Standing, standing still.
You need to get your timing right.
Standing only on different ground.
You need to get your timing right.
Standing still.

If it's bad timing.
