If you fall
Climb up that old stone wall
Don't let me down this time
Find me when you can
Cos I'll be waiting there
For you at the end of time
Go, go, go
Ah, think it over
Give, give, give
Ah, turn it over
Maybe I'm a jewel
Maybe I'm a fool
How long must I mourn you?
What more can I do?
How long must I mourn you?
I'll find you where I can
This heat will never die
The dazzle of those days
Baked in the heart
Ah, think it over
Give, give, give
Ah, turn it over
Maybe I'm a jewel
Maybe I'm a fool
How long must I mourn you?
What more can I do?
How long must I mourn you?
Help
We all need help whoever we are
Climb up that old stone wall
Don't let me down this time
How long must I mourn you?
What more can I do?
How long must I mourn you?
Help
We all need help whoever we are
