Do you miss me,
baby do you miss me

so here's the summer picture
she headed straight for your heart
and when the whole thing's over
summer's here, she's found her sweetheart

and this is the way we do it
this is the way we lose control
and our sparks set it all on fire
cause we had summer 101 two years ago

i play with girls emotions
i lie to keep lies from her
for the sake of this feeling
i guess I'm just immature

and this is the way we do it
this is the way we bide our time
and we set everything on fire

i miss the summer
it's not over
i waited all night long
for you to wake up by my side
until daylight goodnight in this town

this season brings us closer
i don't miss the way she missed me
she's perfect in this sunlight
i caught her scent in the breeze

and this is the way we do it
this is the way we lose control
and our sparks set it all on fire
cause we had summer 101 two years ago

i miss the summer
it's not over
i waited all night long

for you to wake up by my side
until daylight goodnight in this town

do you miss me
baby do you miss me
do you miss me
hannah do you miss me?

i miss the summer
it's not over
i waited all night long
for you to wake up by my side
until daylight goodnight in this town
in this town
whoa in this town
in this town
in this town
in this town
