You, you keep it bottled inside
What may seem like unreasonable tension
When delivered will be worth all your time
And you got what it takes
So don't you dare to break
She may endure all your lies

Cause along comes a time inside every man's Life,
when the things that you preach, get shot down and
You cross all the lines.

[chorus]
Keep it up, keep it up
Finish me with a touch
Cause I got no regrets, no regrets, i'm a lush
And I found that it's better to live

With incentive to give, With incentive to give
That's enough [x2]

You, take actions fast and in time
submitting to a pulse, a rhythm
When correctly done
sends chills through his spine

Now he's begging,
Tries defending,
what he knows Can be
a monumental point in her life
Note to sender, don't you beg her.
Its times like this when may not quite appear right

[chorus] [x4]
