Bring me back to where I started
Tell me how I got so lost
Bring me back to days uncharted
Oh, won't you to tell me how I got so lost?

I've seen a big change in how I think lately
No signs of sympathy, whoa, whoa
Came out and came clean, force fed the enemy
For her tranquility, whoa, whoa

Brought me down with her vanity
Facile things are destroying me
Completely driven by a deadly obsession
The words slide into her ear
She doesn't listen 'cause it wasn't clear
Pushed down to the ground, it's an emergency

Bring me back to where I started
Tell me how I got so lost
Bring me back to days uncharted
Oh, won't you to tell me how I got so lost?

She played a huge role in how I've been lately
Stole all my sanity, whoa whoa
Hold tight and kissed me and now I'm completely
Under this certainty, whoa whoa

Maybe love can exist in me
Through this girl who I never see
Too many questions that have been left unanswered
Holds me down so I never leave
She holds cards that I've never seen
Pushed down to the ground, it's an emergency

Bring me back to where I started
Tell me how I got so lost
Bring me back to days uncharted
Oh, won't you to tell me how I got so lost?

I tried to forget, live my life in regret
Go to you for respect, now I slowly reflect
On the life that you stole but I'm breaking through

slowly
So don't try to hold me

Bring me back to where I started
Tell me how I got so lost
Bring me back to days uncharted
Oh, won't you to tell me how I got so lost?

Bring me back to where I started
Tell me how I got so lost
Bring me back to days uncharted
Oh, won't you to tell me how I got so lost?

Bring me back to where I started
Tell me how I got so lost
Bring me back to days uncharted
Oh, won't you to tell me how I got so lost?
