I saw you standin' there in front of me
To some degree
Thought I could be-e
Someone who shows you possibilities
But the latency
Is killin' me-e

You crush me with your stares
I suddenly became so aware
Ooh.
You're not the type of girl I should be with but I don't
care
Ooh.

Caught me in sight
And now I'm fighting
But I still keep on tryin' to get to you
Keep breathin'
I know you're so deceivin'
But I can't help that I'm so
Hooked on you

Speak to me
Wish you could see
You're always on my mind
The things you do
On your pursuits
Trying to keep a distance
I know your kind

Speak to me
Wish you could see
You're always on my mind
The things you do
On your pursuits
Trying to keep a distance
I know your kind

She's gon' find ways to get inside of me
It feels so wrong, but I'm in too de-ep
My nerves are shot from the anxiety
I'm trembling,

But that aids me-e

I'm not the type of man to sit and stare I understand
Ooh.
But I keep gravitating to you it was so unplanned,
Ooh.

Caught me in sight
And now I'm fighting
But I still keep on tryin' to get to you
Keep breathin'
I know you're so deceivin'
But I can't help that I'm so
Hooked on you

Speak to me
Wish you could see
You're always on my mind
The things you do
On your pursuits
Trying to keep a distance
I know your kind

Speak to me
Wish you could see
You're always on my mind
The things you do
On your pursuits
Trying to keep a distance
I know your kind

Keep setting aside
Everything that I was told about you can't get you out
my mind
I can't seem to find a way
To leave you behind
And forget or rewind

Speak to me
Speak to me
Speak to me
Speak to me

Speak to me
Wish you could see
You're always on my mind
The things you do
On your pursuits
Trying to keep a distance
I know your kind

Speak to me
Wish you could see
You're always on my mind
The things you do
On your pursuits
Trying to keep a distance
I know your kind
