When I want you, I don't have to raise my voice
When I call you, you know you haven't got a choice
When you hear me, you better come without delay
Hear me calling, honey, won't you come and play?
Come on
Succumb, surrender to me
Throw yourself into my sea
I'm waiting here with my arms open wide
Come to me, darling
Come inside
Don't you want it? You know it's gonna feel so good
You can't stop it--you wouldn't want to if you could
And I know it, I've got you wrapped around my thumb
When I give you my sweetest oblivion
Come on
Succumb, surrender to me
Throw yourself into my sea
I'm waiting here with my arms open wide
Come to me, darling
Come inside
Give in, give over to me
Drown yourself, satisfy your need
Nothing to fear, I've got nothing but time
Come to me, darling
Come inside
Little sailor, little fool
You better heed the golden rule
Do unto others just as you
Would like to have them do to you
You think you can just walk away
But no, it doesn't work that way
See, once you're mine you'll always be
I never give anything for free
Succumb, surrender to me
Throw yourself into my sea
I'm waiting here with my arms open wide
Come to me, darling
Come inside
Give in, give over to me
Drown yourself, satisfy your need
Nothing to fear, I've got nothing but time

Come to me, darling
Come inside
