When I want you, I don't have to raise my voice  
Baby's got a new pair of blues  
But they don't fit me very well  
I never had the time to grow into them  
And when I put them on, they hurt like hell  
Don't make me feel, I don't want to do that again  
I know how it begins, I don't know why it has to end  
You made me want to fall, but when I hit the ground  
I hit hard  
I wish I'd never met you, I wish I'd never set my eyes on  
you  
I let you in, I shared my skin  
But you were just passing through  
I wish I'd never met you, I wish I'd never set my heart  
on you  
That's the way I feel and it can't be real  
But it's true  
Everything I know about you  
Feels like magic I can't use  
There's nothing I can do to distract me from the truth  
So I sit around and touch the bruise  
Don't make me cry when I didn't know you at all  
My tears are for myself and for another I can't quite  
recall  
He made me want to dream, but when I woke up  
He was gone  
I wish I'd never met you, I wish I'd never set my eyes on  
you  
I let you in, I shared my skin  
But you were just passing through  
I wish I'd never met you, I wish I'd never set my heart  
on you  
That's the way I feel, and it can't be real  
But it's true  
I wish I'd never known you, I wish I'd never lost my  
sleep to you  
You said beware, and I took care  
But it doesn't matter what I do  
I wish I'd never known you, I wish I'd never lost my  
heart to you  
Now I feel a fool, and it may sound cruel but I do  
I wish I'd never met you, I wish I'd never set my eyes on

you  
I let you in, I shared my skin  
But you were just passing through  
I wish I'd never met you, I wish I'd never set my heart  
on you  
That's the way I feel and it can't be real  
But it's true  
I wish I'd never loved you, I wish I'd never given into  
you  
That's what I'll say, every day  
And maybe I'll believe it, too  
I wish I'd never loved you, I wish I'd never given up to  
you  
I could lose myself to someone else, but who?
