Light fades  
And the mind begins to change  
Eyes sink  
The void to begin a new day

Dreaming of the heavens  
Your body takes your mind  
To unimaginable places  
Skipping forward in time

Your lifelong ambition  
Your constant thought patterns end  
The reason you lived  
(And the reason you died)  
The reason why you were sent:

Is the image you see  
So perfectly real  
So perfectly flawed

Is the face you see so young? twisted visions inside  
Is the face you see a complete utter fantasy?

Breathe deep  
For this is your last breath  
Now sleep  
This dream will help you mend

A moment of closure  
Your lips form a smile  
Living in vein  
Now a forgotten cry

Are the eyes you've seen; are they crying?  
Been in misery? are they dead?  
Can you ever say they were yours?  
In the life you lived

Just hold onto the beauty  
Hold onto the thought  
The beauty which you felt

Was the desire you lost  
Your happiness for a moment  
Is all that you did ask  
You received it leaving this world  
Departure worth the Earth

Is the image you see  
So perfectly real?  
Or is it perfectly flawed?

Is the image you see?  
So perfectly real?  
Or is it just a dream? complete fantasy
