Red Elvises - Venice, USA

Sweat is dripping, of my face
Dreams are melting, in the sun
I'm rolling down on BCH
Hare Chrishna, here I come

Oh she looks like silver screen
Smile like fashion magazine
Showing of your pretty skin
Full of lotion and sun screen
Faces look a little stoned
All dressed up in silicone
Talking bullshit on the phone

She tells me that, she tried it all
Menage Åi trio, and fancy drugs
She's waiting tables, all night long
She's no big friend of, moviestars

Oh she looks like silver screen
Smile like fashion magazine
Showing of your pretty skin
Full of lotion and sun screen
Surface look a little stoned
All dressed up in silicone
Talking bullshit on the phone

(Interlude)

Oh she looks like silver screen
Smile like fashion magazine
Showing of your pretty skin
Full of lotion and sun screen
Surface look a little stoned
All dressed up in silicone
Talking bullshit on the phone

Yeah...Woah...Barapba...Subididubidu
