(Slim Willett)

Don't let the stars get in your eyes  
Don't let the moon break your heart  
Love blooms at night, in daylight it dies  
Don't let the stars get in your eyes  
Keep your heart for me for someday I'll return  
And you'll know you're the only one I'll ever love.

Too many nights, too many stars  
Too many moons to change your mind  
If I'm gone too long don't forget where you belong  
When the stars come out remember you are mine.

Don't let the stars get in your eyes  
Don't let the moon break your heart  
Love blooms at night, in daylight it dies  
Don't let the stars get in your eyes  
Keep your heart for me for someday I'll return  
And you'll know you're the only one I'll ever love.

--- Instrumental ---

Too many miles, too many days  
Too many nights to be alone  
Please keep your heart while we are apart  
Don't stand in the moonlight while I'm gone.

Don't let the stars get in your eyes  
Don't let the moon break your heart  
Love blooms at night, in daylight it dies  
Don't let the stars get in your eyes  
Keep your heart for me for someday I'll return  
And you'll know you're the only one I'll ever love.

Too many days, too many nights  
Don't let the stars get in your eyes...
