(Fred Rose)

You promised to love till the end of the world
And I built a world just for two
Now I'm alone at the end of the world
What good am I without you.

Gone are the vows that we made by the stars
Gone like a boat from the blue
Darling I'm lost at the end of the world
What good are vows without you.

--- Instrumental ---

Yestrerday's love is a cold memory
Leaving me heartsick and blue
Where can I turn at the end of the world
What good is love without you.

Yes, this is the end of a beautiful dream
A dream that could never come true
I can't go on at the end of the world
The end of my world loving you...
