(Hugh Ashley)

Fiddles and guitars and goosberry pies
Cider and peanuts and babies that cry
Goin' home been away too long
From fiddles and guitars and gooseberry pies
Fiddles and guitars and gooseberry pies.

--- Instrumental ---

Round the bend across the river
There's a hole in the sky
Makes you feel so near to heaven
You wanna lay down and die.
(Lay down and die.)

Freckles and curlies are waitin' for me
Granny and grandpa I'm longing to see
Goin' home I've been away too long
From fiddles and guitars and gooseberry pies
Fiddles and guitars and gooseberry pies.

--- Instrumental ---

Goin' home been away too long
From fiddles and guitars and gooseberry pies
Fiddles and guitars and gooseberry pies...
