There will be a sad day comin'  
For the foes of all mankind  
They must answer to the people  
And it's troubling their mind  
Everybody who must fear them  
Will rejoice on that great day  
When the powers of dictators  
Shall be taken all away

CHORUS:

There'll be smoke on the water  
On the land and the sea  
When our Army and Navy overtakes the enemy  
There'll be smoke on the mountains  
Where the Heathen Gods stay  
And the sun that is risin'  
Will go down on that day

For there is a great destroyer  
Made of fire and flesh and steel  
Rollin' toward the foes of freedom  
They'll go down beneath it's wheels  
There'll be nothing left but vultures  
To inhabit all that land  
When our modern ships and bombers  
Make a graveyard of Japan

CHORUS

Hirohito 'long with Hitler  
Will be ridin' on a rail  
Mussolini'll beg for mercy  
As a leader he has failed  
But there'll be no time for pity  
When the Screamin' Eagle flies  
That will be the end of Axis  
They must answer with their lives

CHORUS

(Instrumental Interlude)
