

Red Goodbye "I Will Carry On"

The weight of all she had to say
Came crashing down on me
And once again I found myself alone
Wasting the nights while I tried to survive
So softly she whispered "no"

Every day it feels this way
And every day it's all the same
But when you are gone
I will carry on

I see your face in everyone
White wisps of a haunting
Never ending, forever bending me
Relinquished the past
But you're still running through
Eyes close, my thoughts turn to you

Every day it feels this way
And every day it's all the same
But when you are gone
I will carry on
I don't know where to look
Or what to say
