I know this old world has got you down
Come on and hold your head up high
You know you can leave all your fears behind
Cause it's gonna be all right

Sometimes it is hard when you're feeling low
And you are having sleepless nights
You may not believe it but take it from me that
It's gonna be all right

Love's the answer
You're heart knows the way
If you lay your troubles down
You will see a brighter day

So if you can stop now and take some time
To show your love with all your might
You may be surprised to find that
It's gonna be all right

Love's the answer
It's in the plan
You can let go of running the show
He's still got the whole world in His hands

So if you can stop now and take some time
To show your love with all your might
You may be surprised to find that
It's gonna be all right...
