They are monitoring us  
Watching our every move  
The system is now dying  
But its Kontrol Mekanizm keeps it alive,  
defending its existence  
Searching for the optimal solution

Order - Diziplin - Control  
The shadow government runs it all

Dark actors are playing  
games Using psycho - Electronic-Technology Exquisit  
mind control  
To organize the masses Avoiding  
reality Toxic belief systems  
Drains life energy Away...

Release the fakking death grip It's brutality in its  
maximum as Wired entertainment... Kontrol  
Mekanizm...
