Purpose to change ones self
Appearance is everything to you, my darling
Hours of your life dead
Driven from wounds from you hospital bed

This weight you carry is bringing me down
Suppose you should let some go
Your better off with out it
This weight you carry is bringing me down
Suppose you should let some go
Your better off without it

I'm sticking around so I can wait and see
See you fall so I can lift you up again
Can you comprehend?
Your miseries are being fueled by this attitude
You're pushing yourself down
You're pushing yourself down

This weigh you carry is bringing me down
Suppose you should lets some go
Your better off with out it
This weight you carry is bringing me down
Suppose you should let some go
Your better off without it

This weigh you carry is bringing me down
Suppose you should lets some go
Your better off with out it
This weight you carry is bringing me down
Suppose you should let some go
Your better off without it

Waiting for the rain to stop
It will be a better day
The day you turn away
Sudden mishap
Another day in this lively madness of
Showing you care

Waiting for the time to shine

I miss you
Terrified but occupied
Its your mistake if you chose not to fight.
Don't sell yourself out.
