come on,  
leave us alone.  
i've got some things to take off my mind.  
hold on a second,  
cause i'm not quite done yet.  
i've got a feeling that im talk-talk-talking to a ??  
and she's reading my mind,  
so i play it out like i'm doing just fine.  
have lots of questions that i'd really like to ask.  
they're really simple so don't think too much.

cause i won't do what you think i'm gonna do.  
cause i won't do what you think i'm gonna do.

hey honey, do you feel alright tonight?  
i've got a feeling with an action you might like.  
hey honey, do you feel alright tonight?

no i won't leave this alone,  
i've got some things to take off my mind.  
give me a second to recall all my mistakes.  
you keep 'em coming back,  
but now i need a break.  
cause you're reading my mind,  
so i'll play it out like i'm doing just fine.  
have lots of questions,  
but don't know which ones to ask.  
you know the answers  
so just take a chance.

cause i won't do what you think i'm gonna do.  
cause i won't do what you think i'm gonna do.

hey honey, do you feel alright tonight?  
i've got a feeling with an action you might like.  
hey honey, do you feel alright tonight?

hey honey, do you feel alright tonight?  
i've got a feeling with an action you might like.  
hey honey, do you feel alright tonight?  
cause i was hoping that you'd dance with me all night.

just say the words they hold the beat, they hold beats  
to my rythem. (repeat 6x)

(you've got the answers, i've got the feelings,  
you say the words you cant deny...)
