I'll be the spark that ignites a flame
Wilderness that you try and tame
I'll be the first to tell you that I don't care (I don't care)

Inviting eyes and a dashing smile
Are just enough to hide away the demon that I've
turned into
In a pact that I can't back out of

Dialogues in a parking lot
Sharpened words tearing through your sanity
They're ripping through your sanity
And we're riding scars now

[Pre-Chorus]

Caught in between
What I love and what I need
Caught in between
This is what I need

[Chorus]

These scars we ride
(We're riding scars now)
Will tear us both apart until you decide to let go
(Till you decide to let this go)
