The sun sets on the horizon  
Makes me wonder if it'll ever come up again  
Do you ever think about the end?  
Is it the end of the world or just for humans?  
Is there any hope for the world?  
Is there any hope for you and me?  
Is there a chance for humanity?  
Is there any hope?  
One by one these species go extinct  
Now the human race will self destruct  
An eye for an eye a tooth for a tooth  
A nuke for a nuke and the whole world is fucked  
Is there any hope for the world?  
Is there any hope for you and me?  
Is there a chance for humanity?  
Is there any hope?
