Put yourself, on the line.  
Stay calm keep your case,  
never set faith aside,  
State your case, and the cause,  
let time heal your pride don't  
just beat it away.

Dancing hearts, keep your distance.  
(dancing hearts, keep your distance)  
Dancing hearts, keep your distance.  
Don't settle, for less, amanda dear.  
Don't settle, for less, amanda dear.

Don't let yourself believe  
your not worth their time,  
your beauty revels from inside,  
nothing else matters but that.  
Don't get so used to  
feeling worthless, your not  
only ruining your life.

It's easier said then done, assuming that the right  
steps are taken.  
Fight threw it and you'll over come the seasons change  
and you'll grow up, you wont be a child for long, yeah,  
you won't be a child for lo-o-o-ng.

"Hot, hot," said the man that  
let you down, you waged the  
wars but lost them all, and now you say you've got  
nothing else to lose,  
house covered shredded digningty,  
you say your through eternally,  
but whose to say its over now but you.  
because i, have better plans for you.  
because i, know what you have to do

your the pawn of your situation

don't wake, just sleep, so you cant see  
yourself falling, falling.

(just break these shadowed walls)  
don't wake, just sleep, so you cant see  
yourself falling, falling.  
(just break these shadowed walls)  
don't wake, just sleep, so you cant see  
yourself falling, falling.  
(just break these shadowed walls,  
your falling.)
