are we there yet? are we even close?
or are we still miles away? are we done for?
are we all over? how many more days?
I can't take this I have no clue
when I really need to know
it keeps me up late I can't sleep at night
someone let me know

you don't know but I can't tell
are we there? we're not even close
not even close so far away!

got to get there sometime or another
I can't wait to get somewhere
anywhere but here everywhere but here
just get me out of here
I can't take it any longer I'm so trapped
someone lead me to an escape
got to get away but I'm being held back
just get me out of here

you don't know but i can't tell
are we there? we're not even close
not even close so far away!
