

Danger To The System

"Paris And Helen"

Visit "[Paris And Helen](#)" on MotoLyrics.com

Don't worry about it.
This is the way it's meant to be.
This is the way it had to be.
Live it up before you lose this one.
Take a chance let all your dreams
become a masterpiece of reality.

I'd fight a thousand lions,
I'd ride the devil's fire,
Just to be with you, just to be with you.

Don't worry about it.
This is the way it's meant to be.
This is the way it had to be.
Fight the feelings that aren't worth your time.
Take a chance,
Leave all of them behind.
I'll show you what their eyes couldn't see.

I'd fight a thousand lions,
I'd ride the devil's fire,
Just to be with you, just to be with you.
I'd walk a thousand miles,
I'd give you anything,
Just to be with you, just to be with you.

Find, the trust that you need to believe in me.
it's always so complicated.
Now is the time to contemplate
what you need in your life to make it just fake it.
And I will always be by your side
To guide you, and help you.
Just tell me what's in store,
I'll try to fill this hole.
