[Chorus]

Bring me back to where I started  
Tell me how I got so lost  
Bring me back to days I charted  
I want you to tell me how I got so lost

I'm seeing big change, in how I think lately.  
No signs of sympathy.  
Whoa, whoa.

Came out and came clean  
force fed the enemy.  
For her tranquility.  
Whoa, whoa.

Brought me down with vanity.  
Facile things are destroying me  
completely driven by a deadly obsession.

Words slide into her ear.  
Just listen cause it wasn't clear.  
Brushed down to the ground,  
it's an emergency.

[chorus]

she played a huge role.  
In how I've been lately.  
Stole all my sanity.  
Whoa, whoa.

hold tight and kissed me  
And now I'm completely,  
Under this certainty  
Whoa, whoa

maybe love can exist in me  
through this girl who I never see  
Too many questions that have been left to answer.  
Hold me down so I never leave  
Shields cards that I've never seen.

Brushed down to the ground  
it's an emergency.

[chorus]

I tried to forget, live in my life in regret  
I go to you for respect  
Now I slowly reflect  
on the life you stole  
but I'm breaking through slowly  
so don't try to hold me.

[chorus]
