"Mercy Mercy"

Oh mercy, mercy, mercy me
I look around I need another remedy
The "I don't know" is philosophy
Better yet, I'll let you get ahead of me
Oh mercy, mercy , mercy me
Come around I need another enemy
Anyone could clearly see
A summer breeze is part of my anatomy
When it's written in Britain
We get a little smittin
Like a kitten, a cuddle is where I'm benefitin'
Any higher the fire would have to petrify her
Upon the wire the flyer is gonna satisfy her
My love is forever, my love it can feel this
My breathless defender
Step forward and steal this
Mercy, mercy, mercy me
Comin' down I gotta catch the gravity
Even though we disagree
Give a kiss 'cause life could be the death of me
Acrobatic the static is getting too dramatic
Comin' down with the system
We'll get it systematic
Fascilitatin' the maiden my love is circulating
Rejuvenating the fading but never dialating
Mercy, mercy, mercy me
Lovin' on the color of an Emily
Easy as a guarantee
Better yet, I'll show you what you wanna see
My love is forever, I want you to feel this
My breathless defender
step forward and steal this
We aim to forever, I want you to feel this
My gentle defender
Step forward and steal this
